Business

- Today we celebrated our Chapter 15 Year Anniversary with a short ride and barbeque hosted at Al Piwonka's house. The Chapter provided lunch and non-alcoholic beverages. Family is welcome to meet us there.
- Is anyone interested in a CPR certification class. Jack is offering to teach any who are interested.
- LED Light event was a big success. Over 17 people came to Ed's house on Tuesday to purchase and have lights installed by Craig Merrill of Cycle Light Solutions. If you are interested in obtaining some of the lights he has to offer, check out his link on our chapter website, Local Sponsor page.
- Chapter bike nights – due to the low attendance of our recent bike nights, it has been decided that we will go back to one bike night a month on the fourth Thursday meeting at Portillo's in Buena Park.
